5 STEPS

★★★★★ FOR TEMPORARY WORKFORCE SAFETY ★★★★★

1

PICK A TEAM PLAYER – Work with a staffing services company that shares your commitment to providing a safe work environment for all employees.

2

GET INVOLVED – Include a member of the temporary staffing workforce on your Safety Committee, and encourage feedback.

3

BE A PARTNER – Make sure your staffing services company has a full understanding of all of the safety requirements in your facility, and hold the service accountable for employee compliance.

4

DO YOUR HOMEWORK – Ask to review the staffing service's Safety Policy and Employee Safety Orientation program.

5

WORK TOGETHER – Have a clear understanding of your staffing service's willingness to participate in, and assist in, any incident investigation. The same holds true with necessary corrective measures.

AdvantaStaff shares your commitment to creating a workforce that is both safe and productive. Our years of experience staffing central Virginia's industrial and manufacturing facilities has allowed us to develop a process for safety that helps keep workers injury free, hour after hour.
